A SPECIFIC FOR

La Grippe, for Colds, Coughs, AND LUNG TROUBLES,

AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping me, but, in spite of his attendance, I got no better. Finally, my husband, reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral, procured for me a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles." - Emily Wood, North St., Elkton, Md.

Not to be trifled with. Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little inattention to exposure and seemingly trifling symptoms. Beyond this there are to-day countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected. When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effective. 50 cent bottles for sale by K. D. Goodall, Depot Drug Store.
